B.E in Information Science

The National Institute of Engineering

11/2022 - 11/2026

Mysore

II PUC

Sir M V P U College

09/2020 - 05/2022

Davangere

PROJECTS

1) GatherLink - A Social Media For College Clubs (Ongoing) MERN (10/2024 - Present)

- A versatile media-sharing platform that empowers clubs to announce events, share multimedia content and foster interactions in a secure, user-friendly environment.
- Built with the MERN stack and Firebase authentication, it features customizable profiles, real-time notifications, and advanced search options.

2)Bloom Buddy App Java (05/2024 - 09/2024)

- Designing "Bloom Buddy," an Android application built using Android Studio that empowers users to plan and manage their gardens from scratch.
- Features include a dynamic grid layout based on user-defined garden dimensions, a virtual plant selection tool, and comprehensive guide for plant care, covering diseases, pests, and beneficial critters.

3)Hotel Management System (2023)

- Developed a multi-threaded hotel booking system to simulate real-world booking scenarios. Implemented synchronization mechanisms to ensure data consistency and prevent race conditions. Optimized room allocation logic for efficient resource management.

POSITION OF RESPONSIBILITY

• School Volunteer Of Youth for Seva

Chiguru 2024

01/2024 - 02/2024

Mysore

Chiguru 2024 by Youth for Seva is a school volunteer program aimed at empowering government school students through community engagement and leadership development.
